The Moa Series has won 23 literary awards and was sparked by her firsthand encounter with an ancient Hawaiian spirit. The Moa Series takes readers on a journey of exploration through her world of spiritual healing and has garnered worldwide fan-base. For almost 200 years, Moa, an ancient Hawaiian spirit, has tried to solve the mystery surrounding her parents senseless murder and she's running out of time. She and her entire lineage will perish if they do not find human aid. An energetic eighteen-year-old, Hillary Hause, has no idea that she holds the key to this centuries-old secret. With the help of her older sister, Molly and Heidi her seven-year-old niece, Hillary embarks on a journey determined to save herself, her family, Moa and the Hawaiian Islands. Will they all learn to accept themselves and their newly discovered spiritual gifts or cease to exist, never knowing Moa's truth?
