

Heartfire: Tales of Alvin maker, book 5

Peggy is a Torch, able to see the fire burning in each persons heart. She can follow the paths of each persons future, and know each persons most intimate secrets. From the moment of Alvin Makers birth, when the Unmaker first strove to kill him, she has protected him. Now they are married, and Peggy is a part of Alvins heart as well as his life. But Alvins destiny has taken them on separate journeys. Alvin has gone north into New England, where knacks are considered witchcraft, and their use is punished by death. Peggy has been drawn south, to the British Crown Colonies and the court of King Arthur Stuart in exile. For she has seen a terrible future bloom in the heartfires of every person in America, a future of war and destruction. One slender path exists that leads through the bloodshed, and it is Peggys quest to set the world on that path to peace.
