

Henry V (Wordsworth Classics)

Edited, introduced and annotated by Cedric Watts, Professor of English Literature, University of Sussex Henry V is the most famous and influential of Shakespeares history plays. Its powerful patriotic rhetoric has resounded down the ages, gaining eloquent expression in Laurence Oliviers renowned film. Henry himself, astute and charismatic, who led his band of brothers to victory in the Battle of Agincourt, could indeed seem to be this star of England. In recent decades the play has attracted increasing critical attention and is now highly controversial. Kenneth Branaghs film-production reflected the changing valuation. Does this play have a sceptical sub-text which subverts its patriotism? Is Henrys achievement beset by irony? Has current scepticism distorted a predominantly and proudly nationalistic drama?
