

Hungry? Los Angeles The Lowdown On Where The Real People Eat!

Finally, a sequel that's better than the original. The Second Edition of HUNGRY? LOS ANGELES premieres this November. Got a craving for some lip-smacking barbecue? Maybe you're hankering for some Japanese curry followed by baklava? Or how about savoring dim sum for brunch and chowing down pupusas for dinner? Whatever your tummys desire be it French cuisine on-a-budget, the chili burger of your dreams, or a pizza that's vegetarian-lean HUNGRY? will help you find your gastronomic pleasure. Showcasing over 500 eateries where a meal can be had for \$10 or less, HUNGRY? features over 50 types of international and American cuisine traditions, reflecting the diverse communities of the Los Angeles area. Redesigned, reorganized, and thoroughly updated (over 250 new restaurants not in the first edition!), HUNGRY? looks beyond the domain of typical guidebooks to find neighborhood secrets from Artesia to San Gabriel, from Westminster to Highland Park. You'll never be overdressed, hungry at the end of your meal, or digging around your car for change to feed the meter once you're armed with insider information on atmosphere, how big (or small) the portions are, and parking options. This little book also tells you where to find all the ancillary goodies that make a foodie happy such as T-shirts, coffee mugs, and vintage video games. Like its companion guide, THIRSTY? LOS ANGELES: A Guide to the City's Greatest Cocktail Bars, Coffeehouses, and Juice Bars!, HUNGRY? maps out the city's culinary freeways and surface streets from Hollywood to the San Fernando Valley, Pasadena to the Beaches, and East LA to Koreatown, one neighborhood at a time. HUNGRY? will make the tourist feel right at home and the seasoned Angeleno feel totally in charge. So rev up your engine, leave the tight jeans at home, and let the

feasting begin!
