

Las Vegas & The Southwest

The web-linked CD-ROM travel guide and souvenir covers Las Vegas and the spectacular natural and man-made wonders of Northern Arizona and Southern Utah, including the new Grand Staircase Escalante National Monument.

GaiaGuides are CD-ROM based multimedia travel guides designed for active travelers. Reorganized in a split of a second the way you want to read them. Quick and very visual. With reviews of recommended hotels, restaurants and activities typical to each destination. Full screen photos, huge panoramas and short videos show you what to expect, better than a book or a web site could. Dont spend days surfing the web, trying to find anything unbiased and meaningful. The guide provides quick links to the right web sites for current events or reservations. It contains photographic reviews of: - 100 selected hotels with photos of typical guest rooms. - 70+ recommended restaurants with menus and prices. - Hundreds of things to do and places to see. - All the National Parks and Monuments. - The best hikes, slot canyons and campgrounds. - 6 additional Day+ trip photo-logues. PC system requirements: - 133 MHz or faster CPU. - At least 16 MB RAM, preferably 64 MB or more. - CD-ROM or DVD drive, speed 4x or faster. - video card capable of min. 16 bit High Color (thousands.) - Microsoft Windows 95, 98, Me or XP. - Internet connection and sound card recommended. Not Apple compatible!
