

In Just One Moment

First, we mourn our lost loved ones and then we mourn the loss of our loved ones. In a tragic Christmas day car accident, Noah Saxon loses his wife and daughter, thirteen-year-old Samantha Bragg loses her best friend, and Willie Bragg begins to lose his daughter and his best friend as anger and guilt begin to take over their lives. Also complicating the situation is a gravely injured Golden Retriever puppy that was a Christmas gift from Noah to his daughter that due to circumstance, Samantha inherits. The three find themselves ill equipped to handle the seismic change that has come into their lives. Samanthas and Noahs lives spiral out of control and the two have continual confrontations, testing Willies loyalties as he vainly tries to save each of them from themselves and each other until it all comes to a head the following Christmas. In Just One Moment examines the chaos that an accident brings to the lives of ordinary people and ultimately seeks to answer whether a man that loses everything including hope can find redemption and if an anger-filled girl can learn forgiveness.
