

Running Amsterdam (Running the EU Book 1)

Running Amsterdam is a runners or walkers brief guide with two proposals of where to run in the capital of the Netherlands. It is for natives, residents, visitors and tourists alike. There is a 4-5 km shorty and a 8-10 km longy for the capital. Running Amsterdam furthermore includes a personal introduction to the city by the author and presents the etymology of its name. The shorty and longy routes are indicated on an easy-to-read and easy-to-memorise map. With this mini-guide, running, walking or experiencing Amsterdam is a piece of cake!
