

Bear River Home (The Western Plains Book 2)

In book #2 of The Western Plains Series, 17 year old Rebecca and her new husband Ben Harper settle into their new life on the wild Bear River in the early 1850s. Working hard on their claim and cabin, getting to know more about each other, and eventually welcoming children into their lives, the two face each new day with determination and hope. Hungry bears, childbirth, strangers with gold and an unexpected financial windfall make their new life in the Wyoming territory anything but dull! Follow along with this young couple as they face challenges in the wilderness and life in a time long ago.
