

Letters to Dead Authors (Annotated)

*This Book is annotated (it contains a detailed biography of the author). *An active Table of Contents has been added by the publisher for a better customer experience. *This book has been checked and corrected for spelling errors. With twenty two letters, addressed to various already deceased authors, Andrew Lang discusses literary subjects with his usual humour and acidity. The impulse for the writing of the letters came, almost as a joke, from the editor of the St. James Gazette, and sixteen of the letters collected in the volume appeared first in that journal. According to the author, some of the Letters are written rather to suit the Correspondent than to express the writers own taste or opinions; in all of them, though, the reader will find the charming wit of their author.
