

A Father for Daisy (A Barnesville Novel)

Thirteen years ago, at her senior prom, Gillian Crane did the unthinkable she became drunk for the first time and lost her virginity to an unknown man. Later, when she found out she was pregnant, her unloving, unyielding mother threw her out and told her never to return. Gillian succeeds in building a new life for herself in New York City, vowing never to see her childhood home again. But when she learns her mother is dying, she drags her twelve-year-old daughter back to hell on earth, also known as Barnesville. Once again caught in small town life amongst old friends and enemies, her past comes back to haunt her, turning her world upside down as the question still remains. Who is the father of her child?
