

La Ratesa (Spanish Edition)

Una sobrecogedora advertencia acerca del presente y el futuro del hombre sobre la tierra. Un hombre recibe como regalo de Navidad una rata enjaulada que le perseguira en sus pesadillas, que le acosara de dia y de noche para profetizarle el fin de la especie humana. De hecho, le hablara como si ese fin hubiera llegado, como si las ratas -eternas companeras del hombre a lo largo de la Historia- fueran ya las unicas supervivientes, el unico rastro de vida tras el holocausto atomico. La Ratesa es una fabula, una alegoria futurista, un nuevo Apocalipsis en el que humor y ternura, burla y candor, configuran, de la mano de una liberrima estructura formal, no solo una extraordinaria novela, sino, ademas, una sobrecogedora advertencia acerca del presente y el futuro del hombre sobre la tierra.
