

## Lap Dog: Book Two of the Shelter Series

Tristan Beck sells his body for a living; Simon Yeung sold his soul for his family. Simons job is to make things run smoothly for his uncles business, and he does his job well. When hes assigned to convince Tristan to work for a family ally, Simon develops a strategy and then implements it. Nothing personal. But when convincing really means forcing it couldnt be more personal for Tristan and his friends. Tristan may be a prostitute, but as an independent he was in controlnot of individual encounters maybe, but at least of his client list and what he was willing to do for them.

As Simon gets to know Tristan better, he begins to question his own beliefs, and when Tristans friends get involved, Simon realizes that a family you choose can mean a lot more than a family youre born into. Thanks to Simons actions, Tristan has to choose between staying with his friends or losing his freedom--unless Simon takes desperate steps to free the man hes coming to love.
