

Little Green Men (Roswell (Pocket Books))

Its Not Easy Being Green At first it seems amusing when Kyle Valentis skin takes on a lime-colored hue. But within hours, the hospital has become a disaster area, full of humans who look more like aliens than the real Scandinavian occupants of Roswell. Soon, Maria and Alex have joined the club, and Max decides to use his powers to return them to normal. Except his healing touch apparently doesnt work when the trouble is cosmetic, and not life-threatening. While the military forces the colored population into top secret quarantine camps, Liz searches for a scientific explanation and finds a familiar culprit -- and a new sense of urgency. Within forty-eight hours, this alien contaminant will change the humans skin permanently, leaving the humans green...and Max, Michael, and Isabel unveiled.
