

Long Shadows

A tragic tale of romance in the Old West, dangerous escapes, and close calls with Indians and the elements, Long Shadows tells a true story based on actual events in the life of Wilford Halladay, a lawman who became friends with a notorious bandit. Now Wilford's grandson brings you a new story about an old legend. Under the watchful eye of best-selling author Lee Nelson, this book seamlessly weaves fiction with history to introduce you to a side of Butch Cassidy you've never seen before. Readers of all ages will love this compelling story about how even the smallest actions can influence the future. As the ancient Indian chief said, Remember, my son, you cannot walk without a shadow.
