What People are saying about Haunted From Without Ian C P Irvine has a true talent. It was a book I felt compelled to read to the end at the same time not wanting to finish... I highly recommend

this book. This book made me laugh, cry and kept me guessing to the end. After just two nights and one train journey Haunted from Without was finished. It was the true meaning of the word masterpiece. Normally it takes me a while to get into a book, but this one had me hooked from the first page! The storyline is interesting with plenty of facts thrown in to make you sit up and think and also some on the edge of your seat content, which will leave you with many questions which will challenge your beliefs. I found myself searching the internet, researching things mentioned in this book and wow, the results had me a little scared to say the least. If you are open-minded and inquisitive, this book will keep you entertained and turning every page with anticipation. Well done Ian Irvine for yet another wonderful book. This is a very good book! I could see it becoming a very good movie also. I strongly recommend that adults read it. There is so much that it makes you think about yet the plot keeps you stuck to your seat. I have been looking forward to this next book in the haunted series and Ian has not disappointed. I have given it 5 stars but it deserves a lot more. I love all the characters and the whole story that follows on from Haunted from Within. If this is the first book of Ians you have read, I would recommend you read all the others he has written. Fantastic author.
