

## A MAIL ORDER DADDY

Sweet western novelette. Kathleen Bowman needed a pa for Tyler. A pa to teach him things all little boys needed to know to grow up and become a fine man. Ever since Marshall Matt Cramer brought Tyler to her to raise when he found the baby on the trail with his ma dead, she did the best she could taking care of him. She loved him like her own and he thought of her as his ma. Unmarried and with no choices left to find a husband in town, she arranged for a mail order daddy for Tyler. She didnt think about love or anything else and picked Tanner Holt to become her husband in name only and a pa to Tyler. Tanner lost his wife and swore he would never marry for love again and when he saw the advertisement for a mail order daddy, he thought it the perfect solution to have the son he always wanted. Love wouldnt enter into the bargain, but when Kathleen was attacked by Jake Anders, he thought his heart would break when she lost her eyesight. Together they had to learn to trust and love, and that God had plans of his own to make them a family.
