Welcome to the world of Justice Bell. Melbourne, 1910. Justice is a naive, a dreamer, and completely self obsessed. As the youngest daughter of a wealthy merchant, to an outsider Justice has everything. Not only is her every material need met, she also has beauty and youth in her favour. Or so she assumes. Justice is brought crashing down to earth after her father makes an announcement early one evening at an impromptu family gathering. Devastated by the apparent betrayal of her sister, Justice has a choice: to fight for the life she so desperately wants or, to conform.
