Struggling in her love relationships from childhood to adulthood, facing a Changing America and China, she tries to find where she fits and belongs during a three-day job interview in China. This book is about the journey of a Chinese immigrant, Pearl, struggling to transform herself from a fish to a dragon. Why a dragon? In Chinese culture, a dragon is the symbol of power and success. When Pearl was a little girl, her dear grandmother, Laolao, told her this Carp fish jumping over the dragons gate story: The Dragons Gate is at the top of a great waterfall in heaven. Many carp fish swim upstream against the Yellow Rivers turbulent current every summer. Only the fish that are brave and strong enough can leap over the Dragons Gate. The successful fish will be transformed into a powerful dragon living in heaven ever after. So encouraged by this story, Pearl struggled all her way from China up to United States. So, after 10 years absence from her family, Pearl finally returns to her home country. However, during the 3 days, intense emotional drama takes place. Pearl finds herself overwhelmed in the world of feelings and emotions, toward her late grandmother, her father, her first love, her ex-boyfriend, her ex-husband, her American boss and her American husband. Should she stay in China or back to America? In a new changing China, she doesnt feel she belongs to her mother land anymore; in America, she is a citizen, but she is always viewed as a
