

Champagne For The Pain III (Volume 3)

Tara and her train wreck of a life are back once again for this last installment of Champagne For The Pain. Savion has made plans to start a future with Ivy but little does he know that she is keeping just as many secrets as Tara. Rashad and Jennifer have teamed up to not only hurt Tara, but to destroy and bring her down at all costs. Tara wants nothing more than to live a happily ever after with Kadon. But, how will he react to her confessing that Samyra isn't his daughter? Will Tara ever seek the professional help that she desperately needs? Or, will she continue to self-destruct and drag everyone else who is willing to ride with her down that road as well? All these questions and more will be answered in this mind blowing finale.
