

Last Op: Navy SEAL Grant Stevens - Black Ops 5

While on much needed R&R in southern England, Captain Grant Stevens is unexpectedly drawn into a plot of unthinkable terror. A surprise encounter. A mysterious death. A letter. Those are all he has to go on. Then, his instincts kick in. Secret documents from an RAF base--with a stockpile of nuclear weapons--may have been handed over to terrorists. Stevens, and his long-time friend, Lieutenant(j.g.) Joe Adler, have less than seventy-two hours to identify all the players and piece together the entire, terrifying puzzle. Resting in their hands are the lives of thousands of unsuspecting citizens. Failure means catastrophe.
