

## A Parents Guide to Los Angeles

Whether its a day trip to Sea World or a three-week visit to the West Coast, the success of a family outing depends largely on the parents skill in scouting quality destinations. This guide to the best family outings in L.A. offers advice and itineraries for the obvious attractions, including Hollywood, amusement parks, and the beach, as well as for great destinations that even locals may not be aware of: marine and train museums, harbor tours, botanical gardens, colorful farmers markets, whale-watching tours, wild animal retreats, and other unusual opportunities to entertain and educate children.
