

Magellan

Il ne savait ni sourire, ni plaire, ni se rendre agreable ; il etait en outre incapable d'exposer ses idees avec eloquence. Peu loquace, renferme, retranche dans son isolement, cet eternel solitaire creait autour de lui une glaciale atmosphere de gene et de mefiance. Il montera pourtant une expedition avec cinq navires et 250 hommes, sous legende du roi Carlos 1er (Charles Quint). Le recit tant du montage de l'expedition que du periple en lui-meme est haut en couleurs, plein de rebondissements, passionnant. On le devore comme le meilleur des romans d'aventures. On est la, a bord du bateau amiral, deplorant les altercations avec les trois capitaines Espagnols ; on vibre au rythme des flots, des grains, des tempetes.
