

San Francisco Serenade

Romance sparks unexpectedly when two lonely people cross paths in a posh San Francisco hotel over the Christmas holiday.

Sabrina Parsens is a best-selling author attempting to erase her last holiday memory with an ex, and Vance Gale is a retired rock star who only wants to remain on the fringe of the festivities. When their common association of fame brings them together, they discover a bond of friendship that quickly catches fire. But will it be enough to heal old wounds and cross the barriers they both fight so hard to protect? Author Ginger Voight brings you holiday romance with a Christmas novella about star-crossed lovers who discover the magic of the holiday together.
