

Cherry Licks

YOU LISTEN, YOU BLEED. After receiving the news that her younger sister has been rushed into hospital, teenager Jamie Miller is mortified to discover that her wounds may have been self-inflicted. With the help of her sister's boyfriend, she unearths a dreadful plot involving Venom Records and the popular music mogul, Irwin Forrester. Jamie and Todd face a race against time to foil Venom Records before the new episode of their singing talent show airs to millions of unsuspecting viewers. Cherry Licks is a deliciously dark novella that takes a cynical sideswipe at pop music culture.
