

Whisper & Fury: An Epic Space Fantasy (Eydulan Book 1)

Terror. Hope. Vengeance. Space can be ruthless. Katrice Wylde, an ex-Earth Empire soldier, knows this more than most. She was all but killed in an explosion caused by her double-crossing lover, Ryker Mallory. She is revived only to discover that to her horror she is still in his clutches. With her limbs and much of her face now cybernetic, thanks to Ryker's medical team, she breaks free of his grasp. Racing away with the last thing he compelled her to retrieve. An experimental spaceship and two highly illegal artificial intelligences. Trying to come to grips that she is now half technology, she yearns for nothing more than good old fashioned revenge! But Ryker is a powerful, merciless mogul. He owns a planet and heads the Conglomerate, one of the three ruling powers in the universe. She knows that sooner rather than later he will demand the return of his property, which now includes herself. Ryker is a man that gets what he wants. Should she reclaim her freedom, starting a new life and leaving the past behind? Can she live with the fear that Ryker might find her at any moment? Or will she take vengeance, cost be damned? Whisper and Fury is book one of seven in the epic space fantasy series, Eydulan. If you love space westerns like Firefly, Cowboy Bebop, or Outlaw Star, filled with mind-bending technology and eye-popping magic, then start reading here. Make sure you aren't the only one missing out. Buy Whisper and Fury today!
