

Plague (A Medical Thriller)

THE DEADLIEST DISEASE IN HISTORY ... A lethal pathogen appears on the Hawaiian island of Oahu. Dr. Samantha Bower of the Centers for Disease Control is handed the case and asked to investigate its origins and containment. A MYSTERIOUS FIGURE THAT IS NOT WHO HE APPEARS TO BE ... Samantha discovers a lethal pathogen unlike any she has encountered in her lifetime. Extremely contagious with a mortality rate higher than any disease ever recorded, it is an extinction level event. A man with an intimate knowledge of the microorganism offers her help. But Samantha Bower begins to suspect he is not who he says he is. HUMANITY HANGS ON THE EDGE OF A CLIFF ... Samantha begins to realize there are forces at work that she cant understand. Pressures are being applied from outside sources and not all of them wish for a vaccine. But Samantha is sure of one thing: if a vaccine isnt developed, humanity may soon be an endangered species...
