

Guilty! -The Trials of Phil Ferguson

Guilty! is a fast paced thriller which zips along through entrapment and betrayal to destruction and survival. The Trials of Phil Ferguson is thrilling and sexy, a real page turner. It is a story about a young attorney, Phil Ferguson who is set up by a rival older lawyer Jimmy Cadogan, for the attempted murder of Phil's wife. Phil finds himself in a never ending battle against circumstances which continue to emerge as he seeks to prove his innocence and avoid going to jail, ending his illustrious legal career and further having to endure the shame cast upon himself and his family in being found a criminal. Intertwined in Phil's drama is that of Amanda who is a New York based top model who ran away from her homeland after a close shave with an assassination of her virtue. Amanda is gorgeous, smart, ambitious and an obvious chink in Phil's armour. Phil's involvement with Amanda causes him more grief than pleasure as news of his infidelity makes its way to Jade, his wife, who herself is guilty.
