

## Halo: The Flood

REACH HAS FALLEN. THE COVENANT WAR MACHINE RAGES ON. HUMANITY'S LAST HOPE LIES WITH THE CREW OF THE PILLAR OF AUTUMN? THE INDOMITABLE CAPTAIN JACOB KEYES, STAFF SERGEANT AVERY JOHNSON, THE AI CORTANA, HUNDREDS OF FEARLESS MARINES ... AND SPARTAN 117, THE MASTER CHIEF. Having barely escaped the battle for Reach, the crew of the Pillar of Autumn is forced to make a jump into Slipspace in hopes of evading the vast alien alliance hell-bent on wiping out humanity. But their destination brings them to an ancient mystery and an even greater struggle. In this far-flung corner of the universe floats a magnificently massive artificial ring world a construct from a long lost race. The humans only hope of survival is to crash-land on its surface and take the battle against the Covenant to the ground. But they soon discover that this enigmatic ring world is much more than it seems. Built 100,000 years ago by a civilization known as the Forerunners, this Halo is worshipped by the Covenant? a sacred artifact that they hope will complete their religious quest for supposed transcendence. They will stop at nothing to control it. Engaged in a fierce ground battle, Master Chief and Cortana go deep into the Halo Construct to uncover a dark secret; this enigmatic ring world is also the universe's most dangerous weapon. Its purpose: the destruction of all sentient life. For the Forerunners built the Halo to battle the universe's most vicious enemy? a virtually unstoppable and suddenly reawakened force known as The Flood.
