

Realm Keepers: Episode Ten (A Young Adult Fantasy) (Realm Keepers Episodes)

In Midrealm, a Lost Alliance Must Be Reforged An epic serialized fantasy for all ages SAVE 50% BY BUYING WYRMSPIRE, THE COMPLETE SECOND VOLUME What if you spent half of your life in another world, battling for your life and the survival of our universe? And what if, during the other half of your life, you still had to go to high school? For the Realm Keepers, that IS life. During the day, theyre your average high school kids. They ditch class, make fun of their teachers and crush on classmates. But at night, theyre wizards in another world. A world full of danger, mystery and darknessa darkness that threatens to engulf not only Midrealm, but Earth as well. In Episode Ten, Raven finds herself, Tess and Sarah split off from the other Realm Keepers and forced into Elven territory. Their every step is fraught with danger, as the Elves do not take kindly to mortals wandering their lands. Meanwhile, on Earth, new allies must help the Realm Keepers overcome new dangers, or theyll be in just as much trouble here as they are in Midrealm... This is the tenth episode of Realm Keepers. Each volume consists of six regular episodes, and a Finale that is three times the length (and price) of a single episode, told from the perspective of all six kids. ??? An excellent beginning to this fantasy adventure. I look forward to reading more of this series. Ray Alan Nicholson, book reviewer, on Midrealm ??? Well written, interesting characters, promising premise. Eric Guindon, The Siege Perilous Podcast ??? Its clear the writers put a lot of effort into developing each personality early on. The story line is still gripping. It moves, but it doesnt move so fast that you feel its unrealistic...Needless to say, Im a fan. On to the next one.
