

Radio Free Albemuth

In *Radio Free Albemuth*, his last novel, Philip K. Dick morphed and recombined themes that had informed his fiction from *A Scanner Darkly* to *VALIS* and produced a wild, impassioned work that reads like a visionary alternate history of the United States. Agonizingly suspenseful, darkly hilarious, and filled with enough conspiracy theories to thrill the most hardened paranoid, *Radio Free Albemuth* is proof of Dick's stature as our century's greatest science fiction writer.
