

RAINY DAYS

Ben Richard has the chance to re-unite with his children, after a long wait. His employer gives him the opportunity to borrow his hideaway at a deserted beach named Angel Cove, for two precious weeks of holiday. Sadly, like the rest of his unhappy past, this plan does not eventuate, and instead, Ben is forced to watch the rain come down, alone, in a deserted location with a storm raging around him. But strange events are unfolding at the same time in another place, which will impact his life forever.
