

The Red Country Trilogy

A surgeon, his wife, and their Martian guide become embroiled in a vicious love triangle when they search for a solution to an unsolvable problem; two brothers are pursued by the very literal demons of their past when they set off to find their fortune, guided by a mysterious treasure map; and a young enslaved woman who is forced to keep her wounded captor alive to save her own skin finds love in the most unexpected of places. The Red Country Trilogy is a novel in three parts, following the journeys of an extended family on the harsh and often violent frontier of Mars.
