

Rogue Agents (Justin Hall # 5)

Amazon bestselling author Ethan Jones delivers ROGUE AGENTS, the new pulse-pounding thriller of the summer. After a nuclear incident in Pakistan, two agents of the Canadian Intelligence Service disappear during a covert operation in South Korea. They end up in a prison camp in North Korea, where they are being tortured so they can reveal top secret intelligence. Justin Hall and Carrie OConnor, CIS best field operatives, who have just returned from a terrorist-hunting mission in Syria, are ordered to infiltrate the most hostile nation in the world. Their objective is like nothing they have faced before: assassinate the two captured agents, one of whom is a good friend of Justin. Justin and Carrie consider their allegiances and the consequences of their operation, as they join forces with a North Korean defector and two MI6 agents familiar with the treacherous terrain of the Communist country. Then they come upon new intelligence that complicates their almost impossible mission. It is now a race against time to reach the captured agents before it is too late. Ethan Jones confirms that he is one of the exciting thriller writers at work today with this adrenaline-filled spy thriller, the fifth novel in the popular Justin Hall series. Now with bonus content from The Diplomat: A Justin Hall Novella (Justin Hall # 4.5) and Double Agents (Justin Hall # 4). ARCTIC WARGAME, the first spy thriller in the series, is \$2.99 until July 12.
