While serving as a Guard at the Fortress, he met the other four Creators and hopes to free them. Jaydren of Stones Fist was forced to kill his family. He has plans to escape, but cant do it alone. Soline doesnt remember where she came from. When she was three, her world was colored by pain that never ended. Her goal: return to the sea, no matter the cost. Revaya was told she would be Queen someday, but only after a journey shed never take by herself. Vael was carried to the Fortress by harpies, monstrous winged creatures that abduct those with talent. He plans to burn whatever stands in his way. These Five are already legends. Inside them, their power is rising.
