

Scars and Stripes: 2025 (2020 Series Book 3)

Can America Survive to 2025? In 2020, Marine Captain Daniel Miner (with friends and family) barely escaped the terror in America, and fled to Hawaii. In 2022, they narrowly pulled through a harrowing rescue and deadly storm. In 2024, they are subsisting day-to-day under the oppressive thumb of the murderer, traitor, and newly elected governor, Kevin Baker. Stripped of his rank, Danny is now a fugitive sniper in the crosshairs of another determined marksman doing all he can to evade the merciless dictator. He could run. He could hide. But Danny's weary heart and shoulders carry the hopes and future of those he loves of Hawaii and America, too. The reluctant hero holds a game-changing secret and he has a plan. He knows what will happen if he doesn't act on it. But no one knows the outcome if he does.
