

## Schism (Sparks Saga Book 3)

Keeping them alive was harder than I ever thought possible. The devoted lover and proud father Lark is on the verge of losing it all. His abilities are slowly fading without reason and his enemies are looming ever closer. He has mere days to prepare for war and earn the allegiance of the Nakben tribes, none of which are eager to fight for a foreign queen. With his life and family hanging in the balance, Lark enters enemy territory, but he doesn't realize just how weak he's become.
