

Blackbone 3 (Volume 3)

Ciara is depressed and tired of all the stress and drama that Smooth has created. Her life takes a tragic turn when she begins drinking. She meets Kanye, the man of her dreams and is convinced that he is just the man to save her from her harsh life. Smooth is concerned about Ciara's drinking and tired of the arguing and fighting. He's still living a double life with Kayla and is trying hard to keep her a secret but she doesn't want to cooperate. Deep down inside he's getting tired of both women and spends more of his time in the streets. Kayla is serving federal time and is pregnant with Smooth's child. She gets angry and demands the same respect and lifestyle as Ciara. Sick and tired of being kept a secret and being a side chick. She threatens to tell Ciara about her and Smooth's love child.
