Book 1: Taste Of Love Jenna meets the dashing Morgan and within hours, loses herself in his arms. She doesn't believe it will go any deeper than the one night - and was glad to play the reckless female for once in her life. The morning after, she can't wait to escape back to the real world where she can play at being normal once again. But her irresistible lover insists on keeping her around long enough to present her with a most unexpected offer...

Book 2: An Engagement Morgan Shaw was a man who seemed to have everything but there's one thing he still desired - a wife. Jenna's night of broken chastity with the devilishly handsome Morgan gained a new twist the next morning. Faced with a proposition for a marriage of convenience worth \$5 million dollars, she wonders if it would really be worth it. To play his lover and then wife, never hoping to ever have him for real. In this game, Jenna soon realized she would need to find a way to keep from losing far more than she was to gain...

Book 3: In His Arms It had started out as a business arrangement. But Morgan Shaw was already falling into the silken web of his feelings for Jenna. He'd found himself saying the big L word and now he was

getting deeper into something that had never even been meant to be real. Jenna would always belong to him; he wasn't letting her go. But that didn't mean he was willing to relinquish all of himself to her. He was still messed up; he still wasn't sure he was ready. And now that it seemed he was getting everything his way at last, looked like he was back to needing no one and nothing but himself...**Book 4: Arrested Heart**It was the moment of truth for Jenna and Morgan. Now that Morgan had taken over the company after his father landed in hospital, looked like everything was going his way. Especially now that Jenna was with him for real and not just as some paid fake girlfriend. And even as their feelings for each other deepened, both of them have to ask how far they were willing to go. Jenna already knew she was crazy about Morgan Shaw. And she was ready to do anything to be with him. But could she settle just for being the woman who drove him crazy in bed? As she realizes that Morgan was never going to change from being the commitment-shy workaholic, she finally decides to take a stand. Now more than ever, her emotions were at stake and she couldn't continue to be with him if he refused to put his own heart on the line as well...
