

## As You Wake (In Your Dreams Book 2)

Book 2 of the In Your Dreams series. Zara Zip McKee and Kieran Lanier thought they had put the threats from Kierans past behind them in the first installment of the In Your Dreams series. But when danger comes for them once again, Zip, Kieran, and their families find themselves on separate summer road trips that none of them had anticipated. When all paths converge in North Carolina, the two families are forced to deal with each other and the secrets they've kept out of love and fear. But Kieran is keeping the biggest secret of all from everyone but Zip. He hasn't had a dream about the future, about anything for months. And while Zip and Kieran are grappling with what the new twist in Kierans sleeping disorder might mean, a mysterious stranger reveals information that could change Kierans life--or end it. \*Due to language and some adult situations, this book is recommended for readers 13 and up.
