

## Celia Garth: A Novel

Gwen Bristow's New York Times bestselling historical novel about a dressmaker who spies for the rebel cause in Revolutionary-era Charleston. A bustling port city, Charleston, South Carolina, is the crossroads of the American Revolution where supplies and weapons for the rebel army must be unloaded and smuggled north. From the window of the dressmakers shop where she works, lovely Celia Garth, recently engaged to the heir to a magnificent plantation, watches all of this thrilling activity. When the unthinkable occurs and the British capture and occupy Charleston, bringing fiery retribution to the surrounding countryside, Celia sees her world destroyed. The rebel cause seems lost until the Swamp Fox, American General Francis Marion, takes the fight to the British and one of his daring young soldiers recruits Celia to spy on the rebels behalf. Out of the ashes of Charleston and the Carolina countryside will rise a new nation and a love that will change Celia Garth forever in this historical romance hailed by the Chicago Tribune as an exciting tale of love and war in the tradition of *Gone with the Wind*.
