

Mercury Rapids: The Mountains of Tomorrow

The countdown has begun and Earth is in jeopardy once more! Bill Lewis is once again flung into events beyond his control when he learns that the evil, reptilian aliens known as the Others have begun construction of a devastating weapon on the Moon. Can the combined forces of Earth's secret UFO agencies defeat them as they did once before? What part will Bill Lewis play in this terrifying war of the worlds? And why do the enigmatic Greys continue to probe his mind? Mercury Rapids: The Mountains of Tomorrow explosively concludes the trilogy that began with Mercury Rapids and continued with Mercury Rapids: The Thoth Imperative.
