

Storm Warrior Vol 25: Rewards And Losses (Volume 25)

Charles and Ghost travel to England. Charles is devastated when he learns of the death of a loved one. Reluctantly, Bud Bulger and one of his engineers travel to England with Charles and Ghost to understand how Charles wants his new winery constructed. Charles is forced to make a few changes, but he is pleased with the way the vineyards and orchards have matured. Charles makes arrangements to have excess grape vine starts and fruit trees shipped to America and transported to California. Upon arriving back in America, Charles is confronted with some problems. Charles is suspected of smuggling Heroin and is held while his crates are examined. Charles begins buying equipment and horses for the Vallejo operation, and Ghost runs into a problem with one of the employees and is forced to take a stand. Ghost has a vision of the future and is shocked to meet a girl that he had seen in his vision. However, the girls mother doesnt want her daughter to have anything to do with an Indian.
