HERES WHAT CREEPERSIN READERS ARE SAYING ABOUT CREEPOLOGY... If you dont read anything else this year, READ Creep Creepersins FREE KINDLE BOOKS, it is EXCELLENT! Holy cow...this is graphic, and hilarious. I found myself quietly giggling and getting embarrassed reading some of it and really liked getting inside the character of Sam in such vulnerable ways. I recommend this book to anyone who has a sense of humor. This is one of the funniest books that I have read in a long time. I cant say too much without removing the surprises so just read it and dont blame me if you laugh till you pee your pants This book was amazingly sexy in a computer geek sort of way. I just finished reading the book *Anxious Anxiety*...OMG, still laughing my ass off! This stuff is too funny. I recommend this to anyone who likes experiencing animation through awesome writing. I am a fan for life. Throughout Creepology you will experience horror, satire, science fiction, bizarro, comedy, suspense, thrills and all sorts of weird, WTF moments.
