

Tarnish: Complete Trilogy Edition

Epic fantasy on a more personal scale. Everyone knows the stories of the Colors Three. That trio of adventurers who traveled the breadth of these realms in the post-war years, stalking the traitorous Crescent Moons and bringing justice to those downtrodden left in the Dread Dukes wake. Tavern masters have been spinning those tales for ten years. Ian the Black and Trevor the Red are ten years older. More so, for the warriors life is a hard one. And Gregor the Golden? Most likely dead along a mountain pass, in search of more glory than any mortal man needs. Who, then, will defend Redfield when evil rises from the Blood Marsh? Billy Cole is the sixteen-springs-old son of Ian the Black. Maybe older. Being the heir of a legend is a heavy burden to bear. And though Billy Strong Back is used to hard labor, it takes more than strength to become a man. And more than a sword to become a hero. Experience the complete Tarnish Trilogy in this single, critically-acclaimed volume.
