

## Seduction & Secrets

Jules and Lance Archer are married for nine years. Throughout the last year of their marriage Lance has done all he could to push Jules away. Worn out from being the problem in her marriage, Jules grants Lance the desire of his heart his freedom. Meeting a handsome, younger man Jules tussles with herself while trying to decide if she should act on her attraction to him. Kevin, on the other hand, refuses to take no for an answer. After a few chance encounters he finally wears Jules down and it doesn't take long before Kevin is mesmerized by Jules's beauty, intelligence and humor. She was everything he wanted in a woman, unfortunately for him the last thing Jules wants in her life is a relationship. What happens when Seduction occurs then Secrets are revealed? What will Jules do when she discovers the secrets that the men in her life are hiding? Will she continue to see these men or will she make drastic decisions? What will the men in Jules's life do once their secrets are exposed? Will any of them be able to hold onto Jules's heart or will the secrets that go along with the seduction cause Jules to walk away forever?
