

The Blackberry & Other Tales That Creep

What really creeps you out? These stories feature the unknown, unseen, unexplainable, and unexpected. They won't horrify you, but you may begin to feel uneasy, get that prickly feeling on your skin that causes you to rub your arms and look around for what might be lurking. They may inspire you to check under your bed at night, make certain your closet door is securely latched and your windows locked. The Blackberry & Other Tales That Creep features four unique short story adventures by Judith Cullen, with illustrations for The Blackberry & Gorak the Gobbler by well-known cartoonist and illustrator, Rick Geary. Appropriate for Young Adult and Older.
