

The Yanks Are Starving: A Novel of the Bonus Army

Foreword Reviews Book-of-the-Year
Finalist *** B.R.A.G. Medallion ***
Chaucer Award Finalist

Two armies. One flag. No honor. The most shameful day in American history. During the Great Depression summer of 1932, a charismatic, rail-riding hobo leads thousands of hungry veterans into Washington D.C. to demand jobs and service payment. This sweeping novel of World War I and the Bonus March fourteen years later unfolds the shocking story of the political intrigue and government betrayal that ignited the only violent clash between two American armies under the same flag. Praise for THE YANKS ARE STARVING: [A] wonderful source of historical fact wrapped in a compelling novel.... Each of the characters is written in a depth that makes them come alive.... [T]his is a book that will both teach and entertain. -- HISTORICAL NOVEL SOCIETY [A] vivid picture of not only men being deprived of their veterans rights, but of their human rights as well. ... Craney performs a valuable service by chronicling it in this admirable book. -- MILITARY WRITERS SOCIETY OF AMERICA Craney has written an outstanding social and military historical novel of the United States... Simply put, an outstanding novel. -- MARINE VETERAN JOSEPH SPUCKLER, AUTHOR ALLIANCE REVIEWS One of the best and most memorable books I have ever read. -- MARINE VETERAN NATHAN MERCER, MOVIES AND MANUSCRIPTS REVIEW Craney combines the visual imagery of a screenwriter and the objectivity of a journalist with the passions of a writer - a mix of oil and water that Craney somehow pulls off. The history is so meticulously portrayed and so painfully presented it is hard to remember this is a novel. The events in this book are true. Many of its characters are genuine. Bringing their story to light is a

boldendeavor...bold...masterful...essential reading for those who found truth and beauty co-existent in the works of John Steinbeck and John Dos Passos. -- LINDA ROOT, THE REVIEW GROUP UK[I] know of no other fiction writer who has made this brave, tragic protest movement the main theme of a novel, until now. Glen Craney deservespraise for recognizing the significance and dramatic potential of theBonus Army story. -- THE COMPULSIVE READER REVIEWA powerful story of a landmark event in history - one that made me both sad and angry. -- BOOKMUSEMired in the Great Depression, the United States teeters on the brink ofrevolution. And as the summer of 1932 approaches, a rail-riding hobo leads thousands of desperate World War I veterans tothe steps of the U.S. Capitol. This timely epic sweepsacross three decades and unfolds events through the eyes of eightAmericans, all from different backgrounds, who survived thefighting in France during the Great War and came together again todetermine the fate of the nation:- Herbert Hoover, the beleaguered president.- Douglas MacArthur, the ambitious general.- Pelham Glassford, the compassionate police chief.- Walter Waters, the troubled leader of the Bonus veterans.- Floyd Gibbons, the war correspondent and famous radio broadcaster.- Joe Angelo, the Italian-American who serves as George Pattons orderly.- Ozzie Taylor, the street musician turned Harlem Hellfighter.- Anna Raber, the Mennonite nurse. From the Boxer Rebellion in China to the Plain of West Point, from the persecution of conscientiousobjectors to the horrors of the Marne, from the Hoovervilles of theheartland to the pitiful Anacostia BEF encampment in the bowels of thenations capital.
