

The Bratva Heist (Navy SEAL Grant Stevens #10) (Volume 10)

The expanding Khoroshevo Bratva, already heavily involved in a myriad of illegal activities, had expertly planned its most brazen, largest heist of weapons since its formation, choosing the Lviv-Stryi weapons facility as its target. CIA Agent Alan Talbott, on assignment in Slovakia, received intel that the stolen weapons were being shipped by rail to Bratislava. Their final destination: Tunis, Tunisia. The buyer: Front for the Liberation of Palestine. Talbott set up surveillance at the Bratislava railway station. Then, he disappeared. Grant Stevens and Joe Adler are summoned to the White House. President Carr reveals Alan Talbott is the son of one of Team A.T.s benefactors. The mission: find Alan Talbott. The weapons are secondary. But all they have to go on is Talbott's last known and the identity of his Slovakian contact. Stevens and Adler had experienced it all before: a rescue, a possible turncoat, and many unknowns. Except this time a missile attack will catch them completely off guard, before they have to outrun, outthink two killers, the Bratislava police, and men of the KGB, who are not only searching for the missing weapons, but are on the hunt for three of their own.
