

SNAPPED: The Complete Snapped Mystery Romance Series

Five friends. One of them is a killer. The others might not live to tell the tale. Charlie Miller is the good girl with the perfect life. She's about to start law school in New York City with her best friend Lara as her roommate. Her hunky boyfriend, Slade, just got drafted to play in the NFL. On her first day of law school, she meets a new kindred spirit in Reagan who makes her real-world transition that much easier. Everything is going as planned until she meets Reagan's sexy, tattooed lawyer brother, Nate. Even with her commitment to Slade, she can't shake her attraction to the bad-boy who's nowhere close to her type. When a tragedy leaves someone she loves dead, Charlie needs to find the killer before the person she trusted strikes again.
