

The Day to Remember (Emmas Story) (Volume 2)

New Adult Contemporary Romance
Mature Content Recommended for 17+ due to mature language and adult situations. The Day to Remember is the second book in the two-book series, Emmas Story. The first book in the series, A Night to Forget is currently available. What happens when the dream is over and reality sets in? When Emma Anderson meets and falls in love with the man from her dreams--the deep-dimpled and incredibly gorgeous Brandon Fisher--she wasn't expecting her heart to be broken by him and his complicated life. But despite Brandon's baggage, the inextricable pull Emma and Brandon feel for one another seems strong enough to keep them together. Just when Emma thinks she can have a happily-ever-after with Brandon, a dark secret from her past threatens Emma's chances at true happiness with Brandon--a secret so dark and hidden that even her best friends don't know about it. Will Emma and Brandon's love be strong enough to withstand the external factors that seem to pull them apart, or will Emma's dream man be nothing but just that--a dream?
